

Marshalling Notes  
Kingsville Migration Festival Parade  
October 21 2017 10:30 am

Dear Parade Participant

Thank you for your application to participate in the Kingsville Migration Festival Parade. This year's parade will feature close to 50 entries, including bands, Horse Back Riders, Local not for Profit agencies, businesses from across the area. We are very pleased that you have agreed to join us for a fun filled event that is definitely a highlight to the Festival.

The Migration Festival Parade will be staging directly on Main Street between Wigle and Spruce Streets. The parade will then step off and travel west on Main Street to Division, and then South on Division to Erie Street.

Check in for all entries is between **9am and 10 am**. After 10 am the parade, Marshalls will be tightening up the parade, making it difficult stage more units.

Check in for all entries is at Main Street at Wigle where a Marshall who will direct you to the area for bands, or floats will greet you. You will be given you entry number, and asked to pull forward until you see the corresponding entry sign. Bands will be directed to the park area directly in front of the high school for warm up. Once your members have disembarked from your bus or other mode of transport, they will be directed to proceed to the end of the Parade Route at Division and Erie Street to await the end of the parade. The parade will conclude in this area, and your band members, or float riders will have to be picked up here. Bandleaders please note that your cheques will be available at check in.

There is absolutely no entrance to the parade staging area from the west end of the staging area or off any of the adjoining side streets. You will be re-directed to Main Street via Wigle should you try to access the route from any other areas.

We look forward to seeing you on October 21 in Kingsville. If you encounter any difficulties on parade day, please call Maggie Durocher at 519-796-0344

Thank you

Kingsville Migration Festival Committee.
